

Artist Listing Fact Sheet

Anthony Garcia *Guitarist Composer*

Performance summary

Soulful guitarist composer Anthony Garcia continues to touch audiences with this unique ability to blend formally with colourful improvisatory flair. A highly trained classical musician well versed in styles such as jazz, Latin folk and popular music, Anthony manages to bring together the trends of these genres to create an original and communicative soundscape of universal appeal.

Performance details

Anthony Garcia radiates virtuosic grace, connecting to audiences through his words and music, transporting the willing to unknown places. It is the connection on stage and the emotional cascade of his music that gives this artist such a distinctive voice.

Anthony has a unique ability to connect to people through his words and his music. Regional audiences warm to his sharing of his life experiences living in Indonesia, Singapore, Mexico and Australia. The guitar is an instrument of enormous appeal, and the music expresses and echoes sounds of Australia, the land that regional audiences truly identify with.

Guitarists in regional areas have been extremely eager to participate in workshops given by Anthony and he is always invited back to give more. The workshops following this methodology for guitar "One World One Music" identify the link between all genres and styles of music. Guitarists of all levels, from different genres are exposed to transformative explanation about their instrument and its place within contemporary music.
